Summary

3,5 years professional career as a Journalist and more than 1 year experience as a Professional Web Developer.

Experience

Junior Programmer | 01/2022 - Present | PT Next Transformtech Indonesia (Next TI) | South Jakarta, Jakarta

Joined the Loan Origination System (LOS) team, which is a web app system for reviewing customer loan applications for a Korean bank. Work directly with Korean superiors. Technology stack includes Java With Spring Framework, PostgreSQL, Jquery, Kendo UI, Gitlab, and Jenkins.

News Reporter and Producer | 05/2019 - 01/2022 | PT First Media News | South Jakarta, Jakarta

Worked as a journalist for television media. Daily work includes gathering news sources, interviews, live reports, and writing the news scripts. In October 2020, I was promoted to become junior news producer, responsible for PrimeTime and Connect360 programme, airing daily from 16.30-19.00.

News Reporter | 07/2018 - 05/2019 | PT Tempo Inti Media Tbk | Jakarta Selatan, Jakarta

Covering national, metropolitan, and politics event for Tempo.co news site, Tempo Newspaper, and Tempo Magazine. Some highlights of my works are 2019 Indonesia's Presidential Election, Lion Air JT610 plane crash in Tanjung Karawang, and South Jakarta Mampang's murder in November 2018.

Skills

HTML5, CSS, JavaScript, ReactJS, Node.js, Java, Bootstrap 5, SQL, MongoDB

Education

Full Stack Web Development | Purwadhika Digital Technology School | 12/2021 | Jakarta, Jakarta

For the final project, me with 2 other students created a drug store website using React JS on the frontend, node js on the backend, and MySQL as the database.

Bachelor Degree of Philosophy | Gadjah Mada University | 07/2016 | Yogyakarta, Special Region of Yogyakarta

Graduated with 3.13 GPA. For the final project, I've wrote a thesis titled "Consumerism Behavior from Arthur Schopenhauer's Ethical Perspective" and got an A grade from the examiner.
